

To: Donna Shalala, Secretary, U.S. Dept. of Health and Human Services
Re: Irradiation in the Production, Processing and Handling of Food

Dear Secretary Shalala:

I am concerned about the FDA's proposal to eliminate the labels for foods treated with radiation. I strongly believe I have a right to know if my food has been irradiated. I urge you to support the rights of citizens by maintaining permanent, prominent and precise labels for all foods treated by radiation.

Sincerely,

Name: Olive Mayer
Address: 2445 Josselyn Lane

*I don't want to find out, 2 years from now that I have
been eating radiated foods and they have harmed my health.
Take precautions — end radiation of foods*
